

WHY SKIN INSTITUTE?

Here at Skin Institute Queenstown, our team of experienced appearance medicine doctors, registered nurses and advanced skin therapists take a holistic approach to facial rejuvenation, and will customise treatments to meet your needs. We developed these skincare packages based on some of the most common skin concerns we see on a regular basis. Each procedure and product recommendation works in synergy with the next, to multiply the benefits and leave you with visibly healthier, more beautiful skin – no matter your age or lifestyle.
